ACADEMIC PROFILE	
------------------	--

Degree	Institute	%/CGPA	Year
MBA	Indian Institute of Management, Mumbai	Pursuing	2027
B.Sc (Computer Science)	SVR Degree College, Sattenapalli	76.46%	2025
Class XII	FIITJEE Junior College, Vijayawada	84.30%	2021
Class X	Jawahar Navodaya Vidyalaya, Maddirala	80.02%	2019

INTERNSHIP

Dream India Technologies	Jan'24-Apr'24

Project Title: Student Performance Analytics and Management System

Project Details	▪ Collaborated with faculty teams to gather requirements and align with academic workflows for smoother adoption ▪ Built a scalable student management system using OOP, automating academic records for 200+ students efficiently ▪ Designed a user-focused interface for faculty to improve adoption & engagement across the academic departments ▪ Engineered Python analytics tool with GUI & Seaborn, enabling real-time academic performance visuals and insights ▪ Streamlined data parsing & serialization, reduced latency, enhanced efficiency and optimized analytics workflows
Achievements	▪ Computerized student attendance tracking, saving 10+ hours per month and reducing faculty workload significantly ▪ Improved reporting efficiency by reducing generation time by 50%, enabling quicker delivery of detailed performance ▪ Built a resilient file I/O pipeline, increasing data throughput by 40% across 5+ modules through efficient data handling

SVR Degree College

Project Title: ML-Based Automated Defect Detection System for Manufacturing Quality Control	7 Weeks
---	---------

Project Title: ML-Based Automated Defect Detection System for Manufacturing Quality Control	7 Weeks
---	---------

Project Details	▪ Improved defect traceability by 45% through agile model tuning & enhanced closed-loop feedback mechanism design ▪ Implemented agile model tuning with closed loop feedback cycle to improve traceability & detection accuracy metrics ▪ Built and tuned CNN model to automate defect detection using 15K+ well annotated manufacturing image datasets ▪ Engineered real-time defect classification using machine learning to enhance QA system response and output precision ▪ Enabled quicker root cause analysis of defects by providing granular, real-time data insights, for efficiency and speed
Achievements	▪ Boosted OEE by 25% by cutting inspection delays 40% and streamlining QA workflows across all production stages ▪ Enhanced production quality by deploying real-time ML inspection, cutting the defect escape rate by 30% accurately ▪ Optimized defect annotation via semi-automated tools, reducing data prep time by 35% and speeding up model training ▪ ee eee ▪ hhhhhhhh hhhhhhhhhhhhhhhhhhhhhhhhhhh hhhhhhhh hhhhhhhhhhhhhhhhh hhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh

We Are with You Charitable Trust

Project Title: Community Outreach and Engagement Strategy	9 Weeks
--	---------

Project Title: Community Outreach and Engagement Strategy	9 Weeks
--	---------

Project Details	▪ Amplified stakeholder engagement via hyperlocal campaigns across segmented & underserved community ecosystems ▪ Designed collaborative outreach networks for schools & rural hubs, enabling long-term visibility, access, & inclusion ▪ Engaged in real-time social impact projects focused on community welfare, data collection, & detailed reporting tasks ▪ Used digital platform tools to streamline outreach efforts, improve team coordination, and to track engagement impact
Achievements	▪ Scaled community engagement by 40% via high-impact local field activation events & immersive outreach campaigns ▪ Forged impactful alliances with 15+ partners to improve outreach efficiency & stakeholder conversion effectiveness ▪ Drove 60% spike in volunteer turnout by deploying behaviour-led and data-informed outreach in schools & colleges

POSITION OF RESPONSIBILITIES				

CR, Comp Dept	▪ Elected class representative from 150+ peers ; enabled strong faculty-student ties and resolved issues effectively	2023
	▪ Assisted 160 juniors during the orientation by organizing academic support sessions to facilitate their transition	2024
Event Head, Social Impact	▪ Drove eco-health drives in 10+ villages , impacting 3K+ lives via kit distribution, planting & awareness drives	2024
	▪ Increased the Footfall by 27% through promoting a Blood Donation camp held by regional police authorities	2023
Student Council, SVR	▪ Achieved 20% surplus on ₹75K Samiksha fest budget through precise tracking & strategic vendor collaboration	2024
	▪ Executed Freshers' Program for 300+ attendees , optimizing costs and coordinating 20+ vendor partnerships	2023
	▪ Organized section wars events, managed equipment & scheduling, contributing to 100% event completion rate	2021

AWARDS AND ACHIEVEMENTS									
-------------------------	--	--	--	--	--	--	--	--	--

Extra Curriculars	▪ Led distribution of 2K+ safety kits across 10+ villages , driving health and last-mile delivery as Outreach Lead	2024
	▪ Secured 1st Runner-up among 16 teams and 180+ players in a regional-level inter-college kabaddi tournament	2023
	▪ Led anti-ragging campaign with local Police , sensitizing 1K+ students and boosting campus safety awareness	2022
	▪ Conceptualized and led an anti smoking drive in schools , engaging 400+ students through interactive content	2024
	▪ Led World Environment Day , organizing plantation drives, and eco-pledges engaging 700+ students & locals	2024
	▪ Spearheaded a Green India Mission campaign , planting 300+ saplings & hosting eco-literacy sessions for 500+	2024
	▪ Contributed to eco-awareness drives on waste management engaging 800+ students using sustainable practices	2024
	▪ Debated Yoga vs Other Sports on Sports Day , advocated yoga's core benefits, praised for clarity and balance	2022
	▪ Debated on Online vs Offline Classes Pros & Cons appreciated for balanced views & relevant real life example	2023
Academics	▪ Awarded top grade out of 120+ for building interactive Python apps with Tkinter , such as digital notepad	2024
	▪ Ranked in top 15% of 150+ students with O & A+ grades in 18 core courses , showcasing strong academic rigor	2024

Certifications	Completed Unilever's Supply Chain Management and Analytics a online course offered through Coursera	2025
	Completed Data Analysts Toolbox: Excel, Python, Power BI, PivotTables , a data analysis course from Udemy	2025
	Completed IMD's Sustainability for Business: ESG Fundamentals a online course offered through Coursera	2025
